Land, Sea and Air. Nature's
Fearful Power
New Mexico Wants Coolidge
DePinedo and Lufthansa

BY ARTHUR BRISBANE

ALBUQUERQUE, N. M., April 21.—The tornadoes and "heat waves" that tore through six human beings on Tuesday remind us that the country is exposed to a host of endless perils. Such a killing innocent school children, and women and young people would indicate that nature's forces are set going, are allowed to go without interference or special precautions.

On the same day after such a calamity the people would be called to repent, and told that the world had been sent to wage war with them. Today scientists are summing up and asked what, if anything, can be done to control such calamities or prevent their coming. "The growth where it listeth."

The Albuquerque Journal believes that President Coolidge will spend his summer vacation here in New Mexico. The president may find a place as beautiful as New Mexico, but will find nothing more beautiful anywhere in this country or in the world. He wants to fish, mountain streams, and supply him trout, stories that Washington could hardly believe even a president.

The youth, bounding, roaring, roaring Roy Howard, who also publishes in Albuquerque seems to have missed something.

WHEN President Coolidge met DePinedo, the Italian, he met a fiercer. DePinedo had flown from Europe to South America in his Italian plane, then to the United States. When he was accidentally set fire to his plane, he fled to the Pacific Ocean. Now he is in Washington.

THE president might label him "Exhibit A," take him to the army and navy departments and say, "Gentlemen, here you have proof that flying is really practical. You needn't visit, as Will Rogers says, for two more years to prove it."

It is respectfully suggested that the president send a commission not interested in selling armor plate or battle ships to investigate the German Lufthansa. That magnificent flying organization, sending its great passenger ships daily all over Europe, has put Germany ahead of all nations in commercial flying and will soon surpass all that was ever done by the German steamship lines.

MRS. GOSWORTHY KONTA, young and learned New York jurist on the train bound for the Pacific supplies an interesting quotation from Jean Paul Richter who wrote at the height of Napoleon's glory and during Germany's darkest humiliation.

"God has given to the French the land, to the English the sea, to the Germans the empire of the air." Richter meant that Germany had NOTHING LEFT—only the air.

"Little he dreamed that 100 years after his death in 1825, 'Empire of the air' by which Richter perhaps meant the empire of thought, would mean empire of land and sea also. Today Germany really has a commercial empire of the air. And but for the peace, the French fighting air fleet the French empire of land would be perishing."

AS for Britain's former asset, "sea empire," that has become a liability. Nothing can protect her fifty million dollar superdreadnaughts, big and crews against a ten thousand ton flying machine, with a crew of twenty-five men, and a hawk carrying a deadly T-X-T bomb.

England knows, and is building airships. This country looks on—wonders and does nothing.

The Italian De Pinedo and the German Lufthansa, should convince us the flying is practical.

FOUR FLIERS KILLED
WELCOMING ROYALTY
Mellon, Australia, April 21.—Four aviators were killed today when the planes taking part in the official ceremonies welcoming the Duke and Duchess of York collided in mid-air. The president took place just as the aviators reached water's edge.

RED-COUNT RATES DROP
London, April 21.—The red count of the Bank of England, which stood at five per cent since December 1925, was reduced today to 4 1/2 per cent. A change in the rate had been expected for some time.

GOVERNOR TO VETO DODD TAX LEVY MEASURE

Message Will Be Sent to House by Donahy This Afternoon

GETS MANY PROTESTS

Auditors' of State Declare Emergency Clause Would Interfere with Operation

Columbus, April 21.—Gov. Vic Donahy will veto today the Dodd emergency bill providing for a half-cent state direct tax levy and will send his veto message to the house this afternoon, according to an announcement made at the governor's office.

When apprised of the governor's intention, Speaker O. C. Gray and other house leaders asserted that they did not believe the governor's veto of the Dodd bill would interfere with plans for a legislative recess tonight or Friday.

House leaders stated that they stood pat on the policy not to pass the Dodd bill or any other measures over the governor's veto this session.

Leaders Stand Pat
Governor Donahy, it was stated, has received many protests from all sections of Ohio against the proposed half-cent tax levy. Protestants, it was said, included all of the 88 county auditors in this state, who asserted that the stipulation in the Dodd bill that the proposed tax be collected next June would materially interfere with the operations of their offices.

Claims, also, was made at the governor's office that the proposed state levy, if the Dodd bill became effective, would not raise nearly as much revenue as legislative leaders anticipated and that a number of county auditors declared it would be impossible to collect at least a portion of the proposed tax.

Signs of Change
Legislative leaders estimated that the tax levy would produce approximately \$5,500,000 of all of which was to be paid into the state's general revenue fund as part of the legislative program designed to wipe out the deficit in the state treasury.

Governor Donahy today signed the Clapp bill, providing for observance in the public schools of Constitution Day, Sept. 17.

The house finance committee today held under discussion, in executive session, the request of Attorney General E. C. Turner, James M. Huffman, member of the state utilities commission and others, that the committee restore an appropriation of \$500,000 to defray expenses in connection with the statewide investigation of the utilities commission is conducting relative to the telephone rate situation.

ATTEMPTED ESCAPE FAILS AT REFORMATORY

Nine Prisoners Held in Solitary Confinement as Deliberate Plot Result

Marysville, April 21.—Nine prisoners at the women's reformatory here, this morning were in solitary confinement as the result of an unsuccessful attempt to escape, shortly after midnight.

As a result of the attempt a matron is nursing bruises resulting when the prisoners attacked her, and Martha Whitford, Kenton, is nursing a sprained ankle.

According to Superintendent Louise Mittenfoss, the woman, led by Lucy Warston, a Chetaw Indian squaw, sentenced from Zanesville, attacked the matron, intent upon obtaining her keys. Failing to find the keys, the Whitford woman, with Vivian Ingram, Toledo, forced a window and climbed down a rain spout to the ground. The Whitford woman injured her ankle and an hour later the two women were captured at a farmhouse near the institution.

Vivian Ingram is alleged to have taken part in a filling station holdup at Toledo, while the Marion woman was sentenced for robbery from Muskingum County.

Federal agents are said to be investigating the Indian woman's disappearance from a government reservation.

LARGEST PRE-SCHOOL CLINIC PLANNED HERE

Date Is Set Back Until May 23; 800 Children Already Are Enrolled

The date for the clinic for children of pre-school age scheduled for May 20, 11 and 12 has been changed to the 23rd and 24th of May, it was announced today by Mrs. E. H. Morgan, president of the Parent-Teacher Council, under whose auspices it is being held.

The change of date was made on account of the state meeting of the medical societies and also to afford longer time for the work.

The clinic will open Monday, May 23 and continue for five days. So far about 800 children have been enrolled in the clinic which will be the largest ever held in Marion and one of the largest in the state. Every school in the city is enrolled, making the city 100 per cent. A number of the county schools also will hold a clinic for children of pre-school age under the direction of Dr. N. Stritt, county health commissioner.

Doctors and nurses from the state health department will be assisted here by members of the Marion County Medical Society, Dr. W. J. Weiser, county health commissioner, Mrs. Clara Gertrude Cross, nurse, Mrs. Walter E. Howe, city health nurse, and Mrs. Edna Travis, county health nurse.

UNUSUAL CASE

Man Retains Consciousness With Brain Exposed

Covington, Ky., April 21.—Twenty-two hours after he fired a bullet into his brain with conscious intent, John Balz, 50, is conscious and converses with physicians at his bedside in St. Elizabeth Hospital, it was announced at noon today.

Balz told surgeons his attempt would have been successful if the gun hadn't missed fire twice and caused his hand to waver.

BODY OF NEGRO, BADLY MANGLED, IS FOUND HERE

Man Believed Struck by Erie Train Sometime During Night

IDENTIFICATION SOUGHT

No Report Made to Rail Officials by Any Crew; Coroner Investigates

The body of an unidentified negro, believed to be about 30 years old, who had been struck by an Erie train three miles west of the downtown crossing, was found at 6 o'clock this morning by E. E. Bastian, night switchman in the Erie yards. According to Erie officials, they have no knowledge of which train struck the man.

Dr. R. D. Osborn, county coroner, who examined the body this morning at the Schaffner and Queen Undertaking Co., where it was taken, pronounced the cause of death as "accidental." He said the man's body was badly mangled and he sustained a broken neck, broken arms, fractured and smashed jaw as well as internal injuries.

Seek Identity
When found he was wearing overalls and a gray cap was lying near the body. He is five feet, seven inches tall and weighs approximately 190 pounds. He has coarse, heavy features.

The identity of the man had not as yet been determined late this afternoon. The body will remain at the Schaffner and Queen parlors, S. Main-st., where funeral services will be held Friday at 10 a. m. Definite funeral arrangements are not completed, pending possible identification of the body.

SEARCH FOR OHIO MASON IS SHIFTED TO MARION

Report Charles S. Hoskinson of Zanesville Had Planned To Visit Here

Marion Lodge of Masons has been requested to assist in a statewide search which is being made for Charles S. Hoskinson, 65, past grand master of the Ohio Grand Lodge of Masons, who has been missing from his home at Zanesville since 10 days ago and who stated before leaving that city that he expected to visit a number of cities including Marion.

Officers of the local lodge stated this morning that they had received no report of Mr. Hoskinson having been here. He was last seen at Buckeye Lake, near Newark. Columbus and Mansfield were mentioned by him as places which he expected to visit.

"The strange disappearance of Mr. Hoskinson, who is a prominent real estate dealer in Zanesville, became known here yesterday during the annual spring Scottish Rite reunion now in session in Columbus. His wife and a married daughter reside in Zanesville.

A message from the missing man's home city today said that radio broadcasting stations are to be used among other methods of communication in an effort to locate him.

THREE YOUTHS KILLED WHEN TRAIN HITS CAR

Auto and Bodies Carried Two Blocks by Fast Michigan Central Flyer

Battle Creek, Mich., April 21.—Three youths were killed here today when their automobile was struck by the "New Yorker," fast Michigan Central train.

The dead are: Edwin Hanks, 17; Harold Powers, 18; and Clarence Loefer, 15 all students in local schools.

The automobile and bodies were carried two blocks by the train.

Witnesses say the machine crashed through the crossing gates.

MARINES KILL FIVE

Return Fire When Nicaraguan Rebels and Bandits Attack Them

Managua, Nicaragua, April 21.—Three Rebels and two bandits have been killed today by United States Marines during attacks upon positions held by the marines in the last 48 hours, according to information received here today.

Bandits attacked the marines at Pasoliga, the marines returned the fire, killing two and wounding many others.

Later another attack, believed to have been made by rebels, was directed against the marines defending the Pacific Railroad in the Pasoliga district. The marines fired upon the attackers, killing three and wounding one. The marines had no casualties.

"PUSSYFOOT" JOHNSON'S WIFE IS TAKEN BY DEATH
Westerville, April 21.—Mrs. William E. Johnson, 61, wife of "Pussyfoot" Johnson, internationally known as a radio character, died early today. Mrs. Johnson, prior to her marriage at Zanesville, in 1883, was private secretary to William Jennings Bryan. Two sons and two sisters survive her.

FIFTH JUROR SEATED IN SNYDER-GRAY TRIAL

Drum Brought to Court Room for Drawing New Panel

Court House, Long Island City, N. Y., April 21.—The fifth juror Herman Hallway, retired, of Jamaica, a stout, heavy set man was selected this morning at the trial of Mrs. Ruth Snyder and Henry Judd Gray, who are accused of beating the woman's husband, Albert Snyder to death with an iron bar.

As Hallway was being questioned, the court attaches brought in the large metal drum from which names of a fresh panel of 150 taxpayers were drawn and set it up at the right of justice Townsend Seaboard's day.

"Have you read about the case?" Hallway was asked.

"Yes, I was disgusted with the case because of the way the murder happened."

This statement provoked a series of questions but Justice Seaboard intervened and helped Hallway explain that his statement was upon reading the newspapers about the slaying did not necessarily mean that he was still "disgusted."

Other members of jury are: 1. William E. Young, 31, married, a press agent. He is foreman of the jury.

2. Charles R. McInnis, 50, a land-surveyor, married and with three children.

3. Harry Arnold, 29, a plumber, unmarried.

4. Alfred R. Knicker, 35, a clerk, married and with three children.

CHINESE ANTICIPATE STORM AFTER CALM

Possible Alliance Between Chiang Kai Shek and North-erners Rumored

Shanghai, April 21.—The situation in China today is one of intense anticipation.

An apparent calm prevails, but every one knows the storm must break.

Fighting in the north between Chiang Kai Shek and the Shantung forces is reported as at a stalemate, giving rise to rumors of a possible alliance between Chiang and the North-erners.

The situation as between Chiang Kai Shek and the Hanan government is obscure. While there have been reports that Hanan has ordered its armies to march against Chiang in Nanjing, yet there have been no indications that such an attack is under way.

Within Shanghai the situation remains quiet. The followers of Chiang Kai Shek continue their activities against the communists and the exertions of alleged radical leaders at Lungtung continue. The number of exiles is not definite, but it is said more than 100 have been put to death in an effort to stamp out radicalism.

BUCYRUS COMPANY FILES BANKRUPTCY PETITION

Cleveland, April 21.—A voluntary bankruptcy petition was filed in federal court here today by the Bucyrus Road Machinery Co., Bucyrus. Assets were listed as being \$511,000 of which \$209,000 is in real estate, \$100,000 stock in trade and \$202,000 in machinery and tools. W. E. Matthews, Cleveland, president of the company, signed the petition.

NO CLEWS FOUND

Cleveland, April 21.—No definite trace has yet been found, police declared today, in the search for the alleged slayer of John C. Campbell, Jr., near Chagrin Falls, Monday, following a brawl. Campbell was knocked unconscious and then killed to death, according to the suspect's wife who is being held in the Cuyahoga County jail at Chardon as a material witness.

FIGHT AGAINST LOGAN GAS CO. IS UNDER WAY

Ordinances Providing for Appointment of Appraisal Engineer Received Here

WILL COST CITY \$500

Attorneys Believe Patrons Will Be Victors If Cities Persevere in Battle

Ordinance plans of Marion and 23 other Ohio cities for removing their fight against the Logan Gas Co. for a reduction of gas rates are now under way.

This was substantiated yesterday when copies of two ordinances providing for employment of R. R. Allenworth, Columbus engineering expert and state expert, to assist the cities in their fight, were received here yesterday. The ordinances will be submitted to City Council Monday night and probably will be adopted at that time.

Copies of the same ordinances have gone out to other municipalities interested in the rate controversy. One of the ordinances designates each city's share of the cost of having Allenworth and the other authorities an appropriation for the amount.

The appointment is based on a pro rata basis according to the number of gas customers in the various communities. Marion's share of Allenworth's compensation of this battle will be \$500 according to the ordinance received yesterday. Twenty-five per cent is to be paid within 30 days after the start of work, 25 per cent after the completion of all scheduled exhibits and 25 per cent at the conclusion of proceedings before the state utilities commission.

Review Controversy

A communication signed by Grant E. Mowrer, Jr., former city collector who represents Marion in the rate controversy, and D. W. Myers, city collector, accompanied the ordinances, which were sent to City Solicitor Herman Townsend Seaboard's day.

The communication is addressed to the local council and will be read before that body at its next meeting.

Mowrer and Myers review the rate controversy from the date of its beginning about two years ago up to the proceedings started several weeks ago in a fruitless effort to effect a compromise. They relate that the settlement plan proposed by the gas company was rejected by the cities and that the company then turned down a counter proposal submitted by the cities' attorneys.

This country proposal included two alternative settlement plans, one stipulating a flat 25-cent rate for two years with refunds for collections made under the contracted schedule and the other a 5-cent rate for four years without refunds.

This proposal, submitted as an ultimatum from the cities, was duly rejected in a brief reply received from Raymond Cross, president of the Ohio Branch of the Logan Gas Co.

See "Complete Victory"

Following this decision of the company, the city attorneys announced that the rate fight would be resumed before the state commission and carried through to a final decision by that body.

If the cities will start talking and persevere and continue until to date has been an uphill fight, we should gain a complete and not a partial victory.

Mowrer and Myers declare in the final paragraph of their communication to the local council.

The cities' battlefront will be considerably strengthened, the attorneys have announced, not only by acquiring the services of Allenworth, but by additional support to be received from the city of Lorain, which gave little more than moral support to the fight up to the time that the recent compromise negotiations started.

Lorain, it is stated, has agreed to turn to Page 5

EXPECT HEWITT TRIAL TO ENTER FOURTH WEEK

Mother Says Alleged Murderer Was Home on Crime Night

Jefferson, April 21.—Indications that the trial of Floyd Hewitt, 16-year-old Communist youth, who is charged with the murder of Mrs. Fred Brown, and her son, Fred, Jr., 5, at North Canton, last Feb. 14, will run into the fourth week, were given here today with announcement that the state has subpoenaed 15 rebuttal witnesses, in an attempt to destroy the "wall of alibi" presented by the defense.

Mrs. Olive Hewitt, mother of Floyd, occupied the witness stand during most of the morning session of court, and testified that her son had not been out of the house where they lived, at any time during the night of the murder. Under cross examination, however, she admitted that the morning following the double crime, when at the home of L. N. Cutler, a neighbor, she "might have stated" at that time that Floyd was out "for a short time."

The defense "perfect alibi" went in to the records of the case Wednesday afternoon when three defense witnesses accounted for the presence of Floyd elsewhere than at the murder scene on the night of the fourteenth of February.

Two alibists, Dr. J. K. Ewerick, of Columbus, and Dr. E. J. Tierney of Cleveland, testified for the defense Wednesday afternoon, declaring the accused youth has the mentality of a ten-year-old boy and is not wholly responsible for his actions.

Ford and Sapiro Libel Trial Ends; Mistrial Ordered

Judge Raymond Discharges Jury and Remands Case for New Trial; Woman Juror Talked to Newspapermen About Case, Is Claim

DEPARTMENT OF JUSTICE MAKES INVESTIGATION

Court Sees No Reason To Believe Woman Involved in Bribery Plot; Believes She Was Indiscreet; Absolves Plaintiff in Action

Federal Building, Detroit, April 21.—The million-dollar Ford-Sapiro libel trial ended abruptly today when Federal Judge Fred M. Raymond ordered a mistrial, discharged the jury and remanded the case for a new trial.

The mistrial was granted on a motion by counsel for Henry Ford because Mrs. Clara Hoffman, one of the woman jurors, talked to newspapermen about the case.

The court announced that the department of justice still was investigating the bribery plot charges leveled at Ford's attorneys at Mrs. Hoffman and a man named J. "Kid" Miller. Thus far, he said, there was no evidence to show Mrs. Hoffman had been involved in any such plot. The court also exonerated Aaron Sapiro, plaintiff in the million dollar case.

In granting the motion for a mistrial, Judge Raymond heavily condemned a Detroit newspaper for publishing an interview with Mrs. Hoffman relative to the charges against her. The interview, he said, was an invasion of the court's functions.

After referring to the fact that he had examined Mrs. Hoffman, the court said: "The whole matter was turned over to the department of justice for a fair and impartial investigation. That investigation is not complete and the court does not expect a report until late in the day."

The court said he was "extremely loath to grant a mistrial because of the five weeks spent in taking testimony. He mentioned having denied two previous motions for a mistrial, one by each side.

LOCAL STATIONS CUT PRICE OF GASOLINE

Retail Quotations Listed from One to Two Cents Lower

Following the announcement late yesterday that the Standard Oil Co. had cut the price of gasoline from 22 to 20 cents a gallon, the Pure Oil Co. last night countered with a one-cent drop, placing the price of its gas at 18 cents.

Other companies and independent stations were expected to take like action today.

In view of the fact that the majority of other stations in the city are now selling gasoline at 20 cents the anticipated counter cuts at other stations will bring more than a one-cent drop, operators agreed.

The wagon price for practically all grades is two cents lower than the filling station cut, a survey today showed.

In Cleveland and Toledo competing companies announced they would meet the new price announced by the Standard Oil Co. and most of them had made similar price reductions today. The same procedure, according to press reports, is being carried out in other sections of the state.

Cleveland, April 21.—Eamon De Valera, prominent Irish Republican leader now here from Detroit, shortly after noon today, to be a guest of the American Association for Recognition of the Irish Republic. He will address a mass meeting in Gray's Armory tonight.

SENATOR REED IN FORD'S HOSPITAL

Detroit, April 21.—Sen. James Reed, Democrat, of Missouri, who was taken to Ford Hospital last night for observation, is resting comfortably and recuperating, his physicians announced today.

Physicians at the Ford Hospital denied rumors that the Missouri senator is critically ill.

Reed was ordered to the hospital late last night, when he failed to respond to treatment given for an attack of acute indigestion. The Senator was stricken on a train last Monday morning, while enroute here from Washington.

"There may have been indigestion or improper conduct on her part but the court has grave doubts if this juror participated in any bribery or any attempt at bribery."

The judge gave Sapiro a clean bill of health in those words.

"I have no evidence whatever that Mr. Sapiro, the plaintiff in this case, has indulged in any improper conduct in reference to the jury."

AUDITOR TRACY APPROVES TAX SETTLEMENT

Amount for First Half of 1926 Is More Than Million Dollars

State Auditor Joseph L. Tracy, late yesterday, approved Marion County's tax settlement for the first half of 1926, involving \$1,055,007.19. Max Edith, acting deputy representing the county auditor's office, took the papers to Columbus for approval.

It was announced today by County Auditor Earl E. Thomas that the money will be available for distribution to

the various taxing districts by Wednesday, April 27. He urged all clerk to send their financial statements of schools in the county to his office immediately.

Under the settlement schools get the largest amount of money, \$365,101.95. Next comes the city with \$250,432.21 and the county is third with \$212,221.45.

Other funds listed in the settlement are state, \$11,227.83; township, \$29,276.71; exempted village, \$97,123.91; other than exempted village, \$51,592.58; county special assessments, \$17,057.91; township and road district special assessment, \$150, and municipal special assessment, \$72,555.22.

Collection of city taxes started in December while the collection in the county was held up until March, due to the failure of the State Tax Commission to approve the reappraisal of farm property.

For the year 1926 County Treasurer James E. Messenger is charged with the collection of \$2,552,121.92.

LOCAL COURTS CENTER OF WILL CASE INTEREST

Action Involving \$200,000 Estate of Burr Raichley Still Pending

Since the refusal of the United States Supreme Court to admit the suit to set aside the will of the late Burr Raichley, attention has been centering in Marion County Common Pleas Court where a similar case is pending.

This case is of unusual interest inasmuch as it involves an estate of more than \$200,000, including the property opposite the postoffice, extending along Church street from State to Highways and because of two bequests of \$5,000 to the Marion County Federation of Women's Clubs and another of the bulk of the estate to the Marion County Temple Co.

Included in the bequest to the Masonic Temple Co. is the property at Church and State streets, stipulated as the site for a new Masonic temple.

Similar Suit

The suit pending in the local court is similar to the action filed in federal court with the exception of the fact of plaintiffs and defendants.

The local action was filed March 6, 1925, by Walter L. Frazier and others against Harry J. Merchant, one of the executors and others. Since that time 38 separate answers have been filed, the last one by Mr. Merchant and Clyde C. Smith, executors, on Aug. 22, 1927.

Since that time an action has been taken, awaiting the outcome of the case filed in federal court.

It is expected that with the case in federal court closed some action will be taken within the near future on the local suit.

List of Bequests

According to Mr. Raichley's will, which those seeking to set it aside claim is not his last will, there are 10 bequests. Aside from those to the Marion County Temple Co. and the Federation of Women's Clubs are the following:

May Berg, \$2,000; Frederick C. Raichley, \$2,000; Clyde C. Smith, \$2,000; Harry J. Merchant, \$2,000; Mrs. Elizabeth G. Smith, \$2,000; Miss Ruth Porter, \$1,000; Brough Brown, \$2,000; and \$5,000 toward the erection of a memorial to Mr. Raichley's dead sister, to be located in the proposed Masonic temple.

The will stipulated that should any of the heirs seek to set aside the will he or she shall receive but \$5.

Separate answers have been filed by Mr. Smith and Mr. Merchant, Mrs. Porter, Mr. Brown, Mrs. Gills, The Marion County Federation of Women's Clubs and The Marion Masonic Temple Co.

Plaintiffs and Defendants

Plaintiffs in the suit in addition to Mr. Frazier are Clara Atkinson, Rose Taylor, Thomas Kelley, Grace Warner, Edith Baughman, Ada G. Lifford, Jennie Johnson, Jessie G. Higdon, Louise N. Griswold, Edith H. Rohlfach, Jennett Howell, guardian of David and John Howell, minors, James William Kelley, Theodore Q. Kelley, Louis H. Kelley, John A. Kelley, Jr., Henry A. Kelley, Margaret B. Livings, Clarinda Van Gundy and Henry A. Heim.

Listed as defendant are the following:

Harry J. Merchant and Clyde C. Smith, as executors of the will and as individuals, Mrs. Elizabeth Gills, Ruth Porter, Brough Brown, The Marion County Federation of Women's Clubs, The Marion Masonic Temple Co., May Berg, Frederick C. Raichley, John Hinderman, Samuel Griswold, Alice P. Heath, Howard Pratt, Lloyd and John Hueltzel, minors, James L. Kelley, Samuel G. Kelley, Charles B. Kelley, Henry Cloud, a minor, and Leona Ravard.

REFUGEES ARE EXPOSED TO RAIN AND COLD

Mighty Mississippi Still Rising: River Expected To Reach Crest Saturday

Memphis, Tenn., April 21.—The main levee at Scott, Miss., crumbled before the rushing torrents of the Mississippi river early today, according to reports received here.

Waters from this break will flood Scott, Leland, Bolivar and adjacent towns. A temporary levee, being built by the American Legion, state convicts and 300 volunteers, still was holding and may prevent much damage, it was believed.

The surging current was rushing through the break at Scott at an estimated speed of 39 miles an hour, the report said.

Memphis, Tenn., April 21.—A cold snap descended on the Mississippi flood district today, in the wake of freakish winds and torrential rains which have made relief work among the 50,000 homeless extremely difficult.

More moderate temperatures are expected in 24 hours and this will greatly alleviate the situation among the refugees who have been huddled in tents and box cars since the rampaging Mississippi and its tributaries crashed through cement barriers and engulfed the countryside.

Many of the flood sufferers are ill with various kinds of sicknesses, many have severe colds from rain and exposure while a number of children in the Arkansas refugee camps are reported to be suffering from measles, mumps and the whooping cough.

Flood Waters Spread
Flood waters today were rapidly spreading out over the entire Saint Francis basin, and hopes of repairing the main Mississippi levee near New Madrid, Mo., have been abandoned. The levee at that point has been swept away for a distance of 10 miles.

Clarendon, Ark., where the crumbling White River levee sent the turbulent waters flowing into the town at a speed of 40 miles an hour, was under 15 feet of water today. Clarendon's streets were canals and scores of houses were reported to have been washed away. The town's 3,000 population fled to the hills.

The damage done thus far by the Mississippi River flood, the worst in its history, is incalculable. A territory estimated at more than 100 square miles in southern Missouri, southern Illinois, eastern Arkansas, western Kentucky, western Tennessee and western Mississippi is inundated.

A number variously estimated between 50,000 and 75,000 were forced to flee their homes, but whether any of these lost their lives probably will not be known until the waters return to their beds. And the end is not yet.

River Still Rising
The Mississippi still was rising at Memphis and will reach its probable crest of 40 feet by Saturday. After this, the waters will gradually decline.

unless there is more rain in the Mississippi Valley.

It will be at least three more weeks before the refugees can return to their water-logged houses. Many will return and find that their homes have been swept away.

More levee breaks were threatened today.

Attention of government engineers was turned to Leland, Miss., where the main levee of the Mississippi was gradually crumbling away, threatening to flood a half dozen towns and thousands of acres of farmlands.

Water was topping the levee in Bolivar County, near Scott, Miss., at daybreak, and the town's population of several thousand were making hurried preparations to evacuate in fear of a break.

REALTY LICENSE BILL VOTE SCHEDULED TODAY

J. W. Jacoby Informed That Measure Is Ready for Hearing in House

J. W. Jacoby, Marion attorney and realtor who is head of the legislative committee of the Ohio State Association of Real Estate Boards which has had charge of the campaign for adoption of a real estate dealers' license law in Ohio, was informed yesterday that the proposal would probably come up for a vote in the house of representatives today.

Mr. Jacoby was in Columbus yesterday conferring with legislators and representatives of the state real estate organization and was assured before returning to Marion that action on the license bill was particularly certain today.

The bill has been passed by the senate and favorable action is also predicted in the house. A license proposal adopted by the legislature two years ago was disapproved by Governor Donahue because of several features which he regarded as objectionable. The measure due for a vote today provides amendments which are said to comply with the governor's requirements and will assure his signature.

The bill if finally enacted into a law will require all Ohio real estate dealers operating on a commission plan to pass examinations and obtain licenses. About 40 dealers in Marion will come under provisions of the bill.

MRS. ANNA MARIE HAIN IS DEAD AT HER HOME

Succumbs After Illness of Four Months; Funeral Services Saturday

Mrs. Anna Marie Hain, 66, wife of Charles H. Hain, died at 6:50 o'clock this morning at her home, 531 Ballentine-ay, following a four-month illness with Bright's disease.

Funeral services will be held at 3 o'clock Saturday afternoon at the home and at 3:30 o'clock at First Reformed Church, Rev. H. F. Wozniak, pastor, officiating. Burial will be in Marion Cemetery.

Mrs. Hain was born in Germany, March 27, 1871, and was the daughter of Anna Marie and John George Jacoby, both of Germany, and both now deceased. Her marriage to Charles H. Hain was solemnized in this city Oct. 21, 1888. She was a member of Reformed Church, of the Ladies' Association of the church, and of First Reformed Church. Surviving with her husband is one daughter, Miss Isabelle Hain who makes her home at 612 Franklin-ay, Columbus.

LACK OF FUNDS HALTS TESTING OF DAIRY COWS

Work Will Be Done in Marion County in 1928, Says Dr. Gruber

Plans started some time ago to conduct a tuberculosis test of dairy cattle in Marion County under the federal county area system have been abandoned for this year, but it is expected that the work will be done in 1928.

This information was obtained today from Dr. J. T. Gruber, head of the local municipal milk and food inspection department, who says that it will be impossible to make the test in Marion County this year due to lack of funds.

The appropriation provided by the state for this purpose has been taken up with tests already ordered in other counties, so that no balance is available for Marion County.

Marion County's application will be on file for 1928, however, with prospects of being acted upon favorably by the state department.

In the meantime, Dr. Gruber is making inspections on dairy farms throughout the district, which supplies the Marion milk market, and finds that cattle in the territory are generally in fine condition, he states.

Percentage Low
Dr. Gruber's inspections have shown that the percentage of tuberculous cattle in this county is exceptionally low. The average shown by his records indicates that only about three per cent of the cows in this district are "reactors," he stated today. Reactors are cattle which show signs of tuberculous infection when tested.

That this is an exceptionally fine showing is evident from records of tests made in other parts of the state, where the percentage of reactors runs much higher than in Marion County. In one locality, Dr. Gruber says, the average reached 50 per cent.

Marion County officials and dairy farmers are strongly in favor of making a county area test, however, in spite of the fact that such favorable conditions exist here. Cows are being purchased in other localities and brought into the county and federal supervision is advocated in order to guard against infected cattle being included in this new stock.

Northwest Worst
The most serious situation exists in the northwestern part of the state, a survey has shown, and it is there that the largest part of this year's state appropriation is being expended.

All preliminary arrangements for making a county area test in Marion county have been completed, leaving only the financing details to be given attention. In order to have the work done, the county commissioners must make an appropriation for part of the expense, the cost to the county averaging between \$350 and \$400 per township. The commissioners, it is stated, are ready to provide the funds as soon as the state is ready to do its part.

Certificates bearing the required number of signatures have already been obtained in Tully, Pleasant, Waldo and Richland townships, sufficient to obtain action by the state authorizing a county-wide test, Dr. Gruber says.

MARION CLOWNS TO FORM BASEBALL CLUB

Will Reorganize for Play This Season; First Practice Sunday Afternoon

The Marion Clowns again expect to organize a baseball team in this city, it was announced today. First practice will be held at 1:30, Sunday afternoon, at the Silk Mills diamond.

The Clowns had a team two years ago but dropped the organization last year.

Among those who will be out for practice Sunday are Marshall and King, two of Marion's best pitchers, and Herring, who is on the receiving end. All those wishing a tryout are requested to report at the time and place named above.

Decision of Commission in Phone Rate Controversy is Expected Within Few Weeks

Work of Compiling Detailed Inventory of Company's Property
and Accounts Completed by Corps of Appraisers
and Auditors; Report Being Prepared

Decision by the public utilities commission of Ohio in Marion's telephone rate controversy is expected within a few weeks.

The corps of appraisers and auditors who started about two months ago compiling a complete and detailed inventory of the Marion County Telephone Company's property and accounts have finished their work and are now preparing to file their report with the commission at Columbus, it was stated today.

The commission's decision in the rate dispute will be based largely upon the information provided by this report, an official closely in touch with the situation predicted today.

Commission's Representatives
This prediction is based upon the fact that the appraisers and auditors were official representatives of the utilities commission and it is taken for granted that their figures will be given precedence over statements submitted by either the company or the legal department of the city of Marion, which is opposing the rate schedule.

The appraisal report will serve a double purpose. In addition to being used at least partly as a basis for deciding the rate controversy, it will also be used by the utilities commission in taking action on the sale of the Marion County Telephone Co. to the Ohio Associated Telephone Co., a deal which was consummated several months ago.

Re-Financing Planned
The Ohio Associated plans to re-finance the business here by placing stocks and bonds on the market and before this can be done, the transaction must be approved by the state commission.

The state sent its appraisers and auditors here immediately after application for approval of the sale of the local telephone property was filed. The appraisal was made by 10 experts employed by the state commission with an eleven man as general supervisor.

Complete Information
The reports will provide the commission with complete information not only regarding the value of the Marion County Telephone Co. property, including its S. M. Street exchange and all service lines, but details on the cost of operation.

The rate controversy started about two years ago when the Marion County Telephone Co. filed application for an increase in rates and the city, through Solicitor Grant E. Mouser, entered a protest. Collections have since been made under the protested schedule, the company having filed a bond to guarantee refunds in case the new rates are disapproved by the state commission.

The house concurring in the action of the senate in passing them, the Krumler Bill, providing that municipalities and counties may acquire property for railroad crossing elimination purposes and sell the property to railroad for this purpose, and the Marshall Bill, regulating fees for registering documents pertaining to registered lands, now go to the governor.

**BOOKS COMPILED FOR
NATIONAL GARDEN WEEK**
City Library Prepares List for
Observance Planned by
Local Gardeners

In observance of National Garden Week, city library authorities have compiled a list of books for interested gardeners and for persons interested in gardening. The books deal with both flower and vegetable gardens.

Included in the list are "The American Flower Garden" by Blanchard, "The Farm and Garden Rule Book" by Biale, "Gardens" by Cosgrave, "Hardy Bulbs" by Jacob, "Everyman's Garden Every Week" by Selden, "The Complete Garden" by Taylor, "The School Garden Book" by Weed-Emerson, and "American Flower Garden" by Doubleday.

List of New Books
Among the new books just received at the library are, "Pope of the Sea" by Blasco, "Dawn" by Bachelier, "Under the Tonto Rim" by Grey, "Idle Island" by Hueston, "Pirate Partner" by Onions, "Interloper" by Oppenheim, "Magic Man" by Rivers, and "When Is Always" by Dawson, all books of the fiction class.

For the juvenile department the following books have been purchased: "Kit Carson: the Pioneer of the Far West" by Abbott, "Brenda Stays at Home" by Ashmun, "Velveten Rabbit" by Bianco, "New Geographical Reader of North America" by Carpenter, "Pat Book" by Comstock, "First Reader" by Cyr, "Tuning in at Lincoln High" by Gollomb, "Abbie Ann" by Martin, "Rain on the Roof" by Meigs, "Winter at Cloverfield Farm" by Orton, "Colonial Twins of Virginia" by Perkins, "Barbara of Telegraph Hill" by Perry, "David Goes to Greenland" by Putnam, "Story of King Arthur and His Knights" by Pyle, "Jean Morse" by White, "Bird's Christmas Carol" by Wiggin and "Four Cousins" by Zedlmeier.

LOSES THUMB
Roy Van Meter, 427 Unapher-av, laborer, underwent an operation for the amputation of the thumb on his right hand yesterday at City Hospital. His thumb was badly mangled when a heavy casting fell on it yesterday at the Erie roundhouse. He is reported improving.

REPORTED IMPROVED
Donald Miller, son of Mr. and Mrs. J. M. Miller, E. Center-st., who recently underwent an operation for appendicitis at City Hospital, is reported improving.

FIVE CHILDREN IN FAMILY MARRIAGE

Paris, April.—The little town of Moskau in Brittany claims the record for a family marriage. Four daughters and one son of M. and Mme. Delvies were married at the same time.

Josephine, Corentine, Bernadette and Marie-Anne led their husbands to be up the aisle of the little church of Moskau while brother Theodore brought up the rear with his bride.

Abbe Geravis performed the ceremony for the five couples as though they were but a single couple while Mother and Father Delvies looked on with satisfaction.

LOWER FREIGHT RATES ON STEEL IS BEING URGED

Steam Shovel Traffic Head
Makes Plea to Ohio Utility
Commission

Speaking before the joint session of the Interstate Commerce Commission and Ohio Public Utilities Commission Tuesday afternoon during the formal hearing on freight rates pertaining to iron and steel, H. E. Stiffler, traffic manager of the Marion Steam Shovel Co., made a plea for lower rates in Central Ohio.

Mr. Stiffler represented the Steam Shovel Co. and the Manufacturers Association of Central Ohio, a voluntary association of approximately 70 manufacturing firms, on corporations whose places of business are located in Ashland, Bucyrus, Bellefontaine, Crestline, Delaware, Findlay, Gallia, Marion, Mansfield, Mt. Vernon, Kenton, Tiffin, Shelby, Upper Sandusky, Mt. Gilead and other central Ohio cities.

Charges Discrimination
Mr. Stiffler pointed out to the commission the unfair discrimination that has existed in the freight rate level on iron and steel in central Ohio for many years, and requested the commission to order the railroads to remove these inequalities by the publication of a commodity basis of rates on the same level that now exists in the favored greater volume producing districts of Chicago and Pittsburgh.

It is only natural that the manufacturers within this central Ohio district meet in the sale of their products the keenest kind of competition from the manufacturers of similar products located at points in Trunk Line and Central Freight Association territory, to which are now published commodity rates on iron and steel that are on a substantially lower basis than what is accorded to receivers and shippers in the Central Ohio territory who must pay the full fifth class basis as prescribed by the official classification, Mr. Stiffler declared.

"No commodity rates on iron and steel, either carload or less carload, are published from any producing point in the entire official classification territory to destination territory in Central-Western Ohio bounded on the west by the Indiana-Ohio state line and on the east by the zigzag line extending from Lorain on Lake Erie to Mansfield, Coshocton, Columbus and Zanesville on the east, and thence south to Marietta on the Ohio River."

Pull Rate Applies
Within this territory described the full fifth class rate only applies, and this classification basis has been applied as far back as railroad history goes out," he continued.

"It will be noted that, commodity rates are published to the east of us, and to the territory west of us," Mr. Stiffler stated to the commission as he displayed a map which presented a graphic picture of the present commodity basis of rates now in effect in Central Ohio. "Since May, 1929, rates have been published from the Pittsburgh district, over the heads of Ohio consumers to favored districts of Indiana and Illinois, in which are to be found plants of our competitors," he declared.

Requests Publication
"It is our plea that the commission order the carriers to cease this unfair discrimination by prescribing and ordering the publication of the same scale of rates to this territory as they may find just and reasonable on similar traffic elsewhere throughout the entire official classification territory. We advocate no particular scale but only seek the same relative basis of rates on iron and steel as are or may be accorded to our competitors," Mr. Stiffler concluded.

Should Mr. Stiffler's plea for equal rates be granted by the commission all steel plants in Marion and other cities of the Central Ohio Manufacturers' Association will benefit greatly and will be able to face the strongest competitors in any territory on equal terms.

Charles F. Heise of the Polak Steel Co. was also present at the hearing which got under way Tuesday and spoke in favor of equal rates.

SERVICES HELD
Funeral services for Edward Kavanaugh, Erie engineer who was instantly killed when struck by a Big Four freight train at Dayton Monday, were held at 1:30 o'clock this afternoon at Trinity Baptist Church. Rev. U. S. Davis, pastor, officiated and burial was in Marion Cemetery.

BITES HELD TODAY
Funeral services for Miss Helen McFarland, who died Tuesday at the home of her sister, Mrs. Mary Ryan, Bellevue-av., were held at 9 o'clock this morning at St. Mary's Catholic Church. Burial was in St. Mary's Cemetery.

BIRTHS
Mr. and Mrs. Raymond Grummel, 623 Bellevue-av., are parents of a daughter born April 19, it was announced today.

An average woman of the well-dressed type will wear clothes weighing a total of 3 pounds 4 1/4 ounces; her husband's attire will weigh something like four times as much.

DOROTHY MACKAYE IS CARRIED OUT IN FAINT

Swoons While Being Questioned;
Kelly Indicted on Murder Charge

Los Angeles, April 21.—Dorothy Mackaye, the pretty young actress, whose husband, Ray Raymond, an actor, is alleged to have died from injuries received in a mistic battle with Paul Kelly, handsome and disreputable juvenile screen actor, will never play a more tragic role than the one in which she is cast today.

Urged by her husband to cease her friendship with Kelly, she chose to refuse. Kelly himself declined to bring the relationship to an end. The screen actor, according to his own admission, told Raymond that he loved Dorothy Mackaye.

Just what he said when Raymond's wife and Kelly met, has not yet been brought out. It is known, however, that Kelly called Raymond on the telephone and said that "he was coming over."

Kelly went to Raymond's house, ushered in by hot words, the subsequent battle encounter started almost at once. It was a one-sided battle, according to the negro maid who witnessed the fight. Kelly, muscular and athletic, gave Raymond a terrible beating. Raymond was knocked to the floor five or six times, the maid said.

Raymond was taken to a hospital and here he died early Monday morning. Kelly's arrest followed. He said he felt he was not responsible for Raymond's death. Nevertheless, he was indicted on a murder charge by the county grand jury here yesterday.

Dorothy Mackaye was a pitiful figure as she was taken before the county grand jury for questioning. She swooned as she was being taken into the jury room. Revived, she took the stand. She faintly again just after she admitted she was with Kelly a few minutes before the screen actor departed for her husband's home. She was carried from the room, unconscious.

Begg is Undecided About Seeking Ohio Governorship

President Coolidge Quizzes Sandusky Congressman at Breakfast Table

By CHARLES P. STEWART

WASHINGTON, April 21.—Congressman Jim T. Begg is being quizzed by President Coolidge.

He and some other congressmen breakfasted with the president recently. In the course of the breakfast, the president quizzed Jim Begg as to his chances of running for governor of Ohio next year.

When a query the executive would have made if he hadn't asked the Republican congressman about his chances of running for governor of Ohio next year.

Begg modestly said he hadn't positively made up his mind whether to run for governor or not.

The fact is that the chance he's offered, while really a chance to make a big killing, is also a chance to lose—not only to miss the governorship, but to lose what he's got now.

Jim Begg is one of the biggest men in the house of representatives. He's

now in evidence for the position of a much better and consequently in the house of representatives what has the Ohio governorship to offer to Congressman James T. Begg of Sandusky?

Well, if he's elected governor, it offers him a plenty.

As governor of Ohio he's a real possibility, next to the president. He couldn't be nominated for president earlier than 1932, to be sure, but Begg's only 50 and can afford to wait that long, or even longer, if necessary.

Oh, yes, it's a prize well worth waiting—if you win.

THE drawback is:

The political mortality rate among Republican candidates for governor of Ohio is alarmingly high.

It's peculiar.

The state's presidential vote is Republican much oftener than it's Democratic. It's only very occasionally that an Ohio Democrat comes into the senate. Of the present Buckeye representatives in congress only five out of 22 are Democrats.

But in the last 20 years the Republicans have succeeded only twice in electing the Ohio governor.

EVEN now Vic Donahy, a Democrat, is on his third term as governor of Ohio.

By the same token, he's a presidential possibility. The governor of Ohio always is, it's a pivotal state, with a lot of electoral votes. The candidate

Fraternity Head

Guy E. Snavely, president of Birmingham Southern College, Birmingham, Ala., has been elected president of Kappa Phi Kappa, professional educational fraternity.

who can swing 'em is a strong candidate nationally.

If Jim Begg can break into Ohio as governor he'll automatically become a presidential possibility by virtue of having done so, and all the more so, due to general recognition of the fact that it's a hard trick for a Republican to turn.

But can he? If Jim could answer

that question he'd make up his mind, one way or the other, mighty quick.

BEGG is an unusually able man and an exceedingly likable chap. He may work on us in the direction of the White House from where he is, but he's not likely to get it yet, and it looks as if it would be a pretty long time for him to be, at his present rate.

In a nomination for the Ohio governorship he might find a short cut, though sometimes short cuts prove the longest way home.

WORLD RECORDS ESTABLISHED

5000 miles in less than 5000 minutes!

[Studebaker Commander maintains better than mile-a-minute speed for 81 hours, 49 minutes]

NEVER before has any automobile in America traversed 5,000 miles in less than 5,000 consecutive minutes.

A stock Studebaker did it—The Commander, a closed car fully equipped, including even spare tire.

In official tests under the sanction and observation of the American Automobile Association this stock Studebaker, identical with the car you can buy in any Studebaker sales room, not only established the amazing new record of 5,000 miles in 4909 minutes total elapsed time, but also set four other records.

2500 miles in 40 hours, 12 minutes, 54 seconds total elapsed time. An average speed of 62.16 miles per hour.

3102½ miles in 50 hours total elapsed time. An average of 62.05 miles per hour.

3500 miles in 56 hours, 47 minutes, 32½ seconds total elapsed time. An average speed of 61.62 miles per hour.

4,414 miles in 72 hours total elapsed time. An average speed of 61.3 miles per hour.

5,000 miles in 81 hours, 48 minutes, 22 seconds total elapsed time. An average speed of 61.12 miles per hour. No automobile or other vehicle in America has travelled so far so fast. No stock closed car has ever approached this record.

Here is what these records mean to you:

① It is possible to purchase a truly great automobile at a moderate price. These records prove that The Commander has justly been called "the greatest post-war achievement of automotive engineering."

② The Commander, because of the super-abundant power of its Big Six engine, will perform eagerly, easily, smoothly, with no labor or effort, any and all tasks placed upon it.

③ Studebaker has produced in these new models, cars which will excel even the staunch, dependable Studebakers of the past, in low repair and maintenance costs.

Any motor expert will tell you that 5,000 miles at more than a mile a minute is equivalent in strain and stress to 25,000 miles of ordinary driving. Yet in this terrible test, the only replacements or repairs were three grease-cups, one spark-plug and one punctured tire. Only one pint of water was used.

NOW! Drive a Commander yourself. Know this great car through your own hands and feet. These shattered records merely dramatize the thrilling performance which Studebaker Commander owners everywhere are enjoying. They explain why the Studebaker Big Six is far outselling the combined totals of all other cars in the world of equal or greater rated horsepower. The exact duplicate of this record-shattering car is waiting for you at Studebaker showrooms.

QUESTIONS AND ANSWERS

On This Great Victory Over Time and Distance
When and where did the test start?
April 1st, 1927 at 5:15 P. M. at the Culver City, California mile-and-a-quarter track.

When were 5,000 measured miles completed?
April 5th, 1927, at 3:03 A. M.—4909 minutes after the test started. Since this total elapsed time included time for stopping for fuel, relief of drivers, etc., it is obvious that the car attained a speed far greater than a mile a minute.

Who drove The Commander?
Harry Hartz, champion American race driver, started, finished and was driving at the time each record was established. He was relieved by Eddie Hearne, also one of America's great speed kings, Louis Wilson, another race driver, and Ab Jenkins, Salt Lake City contractor who smashed all previous transcontinental records last June when he drove a Studebaker Sheriff from New York to San Francisco in 86 hours, 20 minutes.

Under what auspices were these amazing records of The Commander made?
The American Automobile Association, which had official observers on the spot throughout.

Commander Models and their One-Price: Sedan, \$1585; Victoria, \$1575 (with broadcloth upholstery, \$1645); Coupe, \$1545 (with rumble seat, \$1645). Other Studebaker and Erskine models range in price from \$945 to \$2245. All prices f. o. b. factory.

NEW FROCKS SHOW CONTRAST

Do you fancy the sophisticated type of frock or do you prefer the sweet, feminine type? By your type shall you choose your evening gown.
For some reason or other the worldly wise frock is usually built on slim, clinging lines, while the quaint old-fashioned type has the full skirt and tight little bodice. Can you picture a camp in a bouffant skirt?
Black, too, is often chosen for the sophisticated one, and a particularly individualistic frock is pictured at the left above. It is fashioned of black crepe, in long, close-fitting lines with narrow cas-

esades on one side of the skirt to form points beneath the hem. An unusual collar of white silk stands high in the back and rolls in tuxedo fashion. Orchids are worn on one side. Greta Garbo posed.
The ingenious "period" gown (right) is interpreted in delicate tulle and lace. The fitted bodice is of peach-colored satin with a herby of silver lace. The skirt is longer in the back than in the front and is made of tiers of peach-colored tulle. There is a sash tied at the side at the waistline which adds to the sweet simplicity of the gown. Worn by Gertrude Olmstead.

Mother Worries About Free "Tongues" of Her Children

BY MRS. VIRGINIA LEE
MODERN literature and modern speech are apt to be a bit of a shock to the older generation. Things that were not considered at all "nice" to know—much less to speak of—are now discussed quite openly. I have wondered sometimes if this ease of open speech is not a natural reaction to the hypocrisy of the last century.

THE fact that not only members of the so-called "jazz set" are saying and writing just what they think, in respect to the censors, but that reputedly staid college professors and others of their ilk are in the front trenches, hurling verbal bomb shells into the ranks of the adherents of the three Ps, could indicate that the fear of plain speaking is not caused by merely the exuberance of the youngsters but is something much deeper. That it sometimes oversteps bounds is not to be wondered at.

Mrs. L. writes:
"Dear Mrs. Lee: Cannot you mention in your column that there are a few subjects that it is not—even in this wild age permissible to mention in public. My children are dear and I would not let them think for a moment that they shock me, but they do. They discuss things openly that I did not even know about when I was their age, and there are times when I would like to crawl right under the table to hide my blushes."
MRS. L.

DON'T think for a moment that the children do not know they shock.

CLASS MEETS
Members of Golden Star Group Gather at Home of Miss Orans

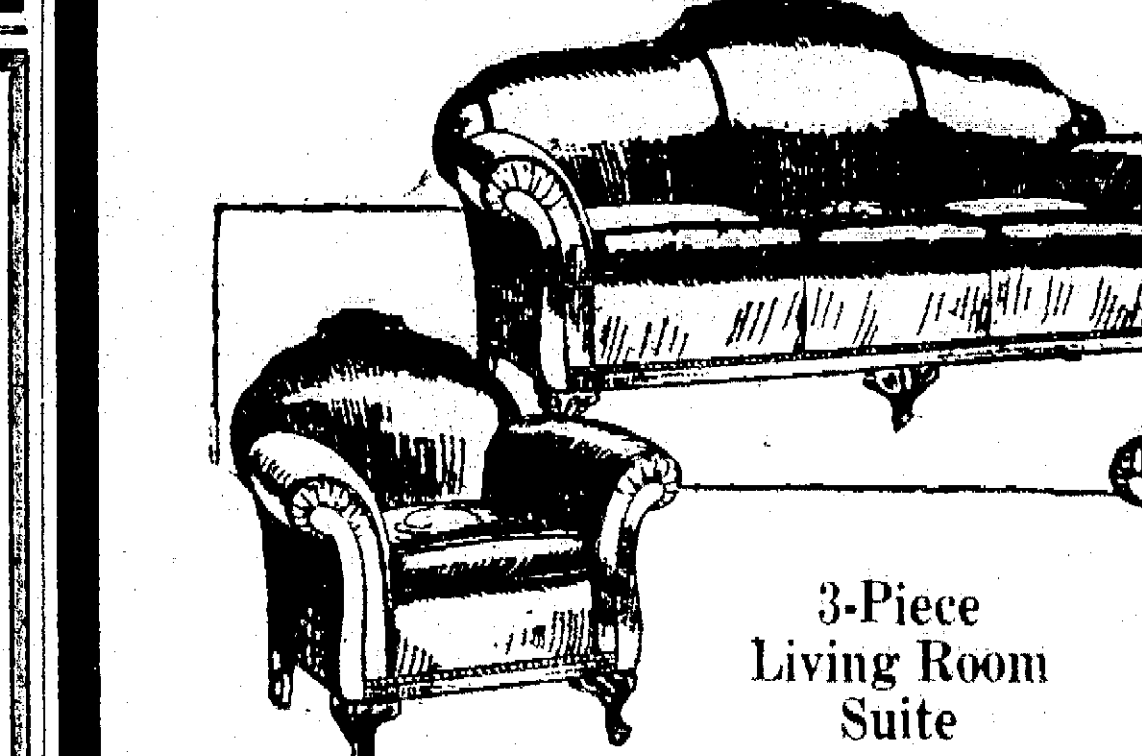

Members of the Golden Star Class, Greenwood Evangelical Church, of which Mrs. Sherman Dixon is teacher, met last night at the home of Miss Starling Orans, 659 E. Farmington. Miss Bonnie Cook, president of the class, presided and the program hour opened with a song, "Jesus Is So Precious to Me." Miss Marjorie Whitehill read the sixteenth chapter of St. Mark and Mrs. Dixon offered the prayer for the devotional service.

During the program hour Miss Orans entertained with several piano numbers and Miss Gertrude Parish gave a reading, "The Father of the Shingle." "What Is a Sick" was the title of a reading by Miss Glenna Winfield, and Miss Cook and Miss Whitehill sang a duet, "The Old Rugged Cross." Following the program a social hour and refreshments were enjoyed. The next meeting will be May 18.

RECEIVE WORD OF ACCIDENT FATAL TO SON

William Hinkle, Former Marion
County Resident, Killed in
Oregon

Mr. and Mrs. William Hinkle, of Green Bay, three miles northwest of Green Bay, Wis., received a message last night stating that their son, Reuben William Hinkle, 28, had been accidentally shot and instantly killed at Fall Creek, near Eugene, Ore., yesterday afternoon when a gun which was hanging on a wall, discharged as he was changing a towel.

Reuben Hinkle was the eldest son of Mr. and Mrs. Hinkle and was born in 1870. He has resided in the west for a number of years. He is survived by his wife, Ida Hinkle, his parents, and two brothers, Albert Hinkle of Indiana, John, and Jacob Hinkle of Lincoln, Neb.

Albert Hinkle of Indianapolis left immediately upon receiving the message, for Fall Creek, Ore. The funeral services will be held there and burial made.

The death of Mr. Hinkle is the first to break the family circle. His parents were completing plans for the celebration of their golden wedding anniversary, Oct. 10, of this year.

COUNTY W.C.T.U. MEETING HELD AT CARDINGTON

Large Attendance Marks Mid-
Year Convention of Morrow
Unions

Cardington, April 21—The mid-year convention of the Morrow County W.C.T.U. was held at the M. P. Church was opened at 9:30 a. m. in a session with devotion conducted by the pastor, Mrs. R. Anna Steelhead.

Prayer was offered by Mrs. Florence Wood, president of Quakerdom Union. Roll call of unions and directors of departments was then reported to Mrs. Ada Miller, local president. A welcome was given and Mrs. Lillian Shumaker, executive director, responded. Mrs. Ada Miller was appointed as a committee on conference and Mrs. James Ault and Mrs. Nabe Fleming acted to collect new members for the Cardington Union.

A committee of three members with Mrs. Belle George, county treasurer, as chairman, was selected to award the attendance banner. Plans for the summer were then added by the different local presidents and department directors. Mrs. Lillian Shumaker gave a few interesting remarks on anti-narcotics and what the union face, such a sister.

Mrs. Steelhead S. O. Director, spoke briefly of the Bible in public schools, a second report in the legislature, and of her desire to see it yet have its place in the schools of America. The forenoon session was brought to a close by the national song and prayer. Lunch was served at the church.

At one o'clock the afternoon session opened by a song and Mrs. Lillian Shumaker read a Bible lesson. Mrs. Lillian Shumaker, president, Alma Creek Union, offered prayer and the Mrs. Sadie Fleming sang "Somebody's Boy." A memorial for Susan Barnes, former president of Cardington Union was conducted. Two tributes of respect were read by Mrs. Mary Matzer, recording secretary, one written by Mrs. Steelhead, the other by the local union, Mrs. C. L. Williams then sang "Above the Bright Light."

Mrs. Lillian Shumaker, Mrs. Ada Miller and Mrs. Mary Matzer were chosen to constitute a committee on resolutions to constitute at the fall convention. Mrs. Belle George, county director, then mentioned the lack of contest directors. Only Mt. Gilead and Sparta Union have such officials. Mrs. Ella Shumaker read a very interesting letter from Mrs. Fanny Cusick, Neim, state director of S. S. Temperance work.

Mrs. Bessie Powell, director of home name relief and education announced the annual picnic to be held at the County Home about June 8. The usual program is to be held in October and the National Meeting at Minneapolis, Minn., the last of August. As the host or attending a delegate to the National Convention is placed on Morrow County this year, Mrs. Lillian Shumaker was chosen as delegate and Mrs. Maggie Howard, alternate. Plans to hold county convention in autumn was considered but left undecided. Treasurer's report was read and accepted. Four new members were joyously welcomed into the Cardington Union.

RICHWOOD FORTNIGHTLY LITERARY CLUB MEETS

Richwood, April 21—Mrs. Ruth Weller and Miss Josephine Daniels entertained the Fortnightly Literary Club, Tuesday night at the Green Garden Tea Rooms. A two-course dinner was served and a social hour enjoyed. The program was as follows: Ancient Religions; Roll call, religious leaders; Principles of Confucianism; Gladys Winter; Buddhism; Nabel Cushman; Mohammedanism versus Christianity; Jessie Randolph, vocal solo, Genevieve Lewis.

SHIPLEY SERVICES TO BE HELD SATURDAY

Richwood, April 21—Funeral services of Mrs. Hannah Evangeline Shipley, who died at her home on E. Main street last Saturday of pneumonia, will be held Saturday at 10 a. m. at the Presbyterian Church.

POSTAL EMPLOYEES OBSERVE FAMILY NIGHT

Galion, April 21—A delightful pot luck supper was enjoyed last night at the Mayvree hall when postal employees of the local office held a family night affair which was very entertaining. Over 50 were in attendance and thoroughly enjoyed the local program which an energetic committee had carefully planned. After a short program a business session was held at which plans for the district convention which will be held here May 21, were completed and committee reports read. Games and dancing closed the social night of pleasant events.

"I AM ALSO THANKFUL"

Renowned Bill Smith, as he reflectively loved a small bit of roast suspended on the end of a wooden toothpick, "that I have learned I must not mix my friends up in my financial affairs. There is but one safer method of being a friend than to loan him money and that is to bury him."

"Just about every man I establish a relationship of his power or borrowed with one of your friends, you might as well bid your friendship fare well, for sooner or later something is going to come up to knock it higher than a kite."

"Marion County Loan Co., 126 S. State st., is the proper place to have one's financial needs satisfied. There is the place I go, and there is the place I send my friends. A good bit ago I learned to be thankful that there was such a place for me, and even more thankful that there I could safely end those who wish to borrow from me, and I would still have friends"—Advt.

"SULFOX"

"Give me a new lease on life and cannot be put in a TONIC to put the whole system in shape and make me feel up to the task work. I had STOMACH AND BOWEL Trouble for years, was weak, nervous, run down, no appetite and positively miserable. SULFOX helped my stomach and bowels and strengthened me so that I do the hard kind of work. SULFOX did this to me when all other remedies failed." H. T. Hammon, Wash. C. H. Ohio.

BUCYRUS HIGH STUDENTS VISIT COUNTY COURT

Groups Study Procedure in
Connection with School
Work

Bucyrus, April 21—Students of Bucyrus High School senior class, under the guidance of their teacher, are visiting the county court.

Several spinning parties have been reported at Lake Galion already and the regular season there will soon open.

Spring fever even has some of the older athletes in the grip and yesterday was a day for members of the newly organized county club a cleanup day. Only a limited number of workers have been able to get the grounds and make in condition so that club members will begin the work along by taking rakes and shovels and putting the courts in shape.

DAMAGE SUIT

Schaefer and Brown are suing
each other for damage sustained by
each in an automobile accident west of
Bucyrus last August. Jesse Schaefer
brought the action by bringing suit
against George Brown for \$100 damage
to his car as the result of a collision
at the intersection of the Nevada and
Canada roads, west of Bucyrus in which
Schaefer and Brown figured. Brown
brought an answer asking for \$25.00 in
damages to his car. The action
occurred August 21, 1928.

Ditch Hearing

No objections were raised, either
written or verbal at the Danziger
ditch hearing yesterday. The ditch is
in Holmes Township. Not a single
landowner affected in the proposed im-
provement attended the hearing.

Visits Prisoner

Eugene Sells, awaiting grand jury
action on charges of issuing bad checks,
was visited yesterday at the county
jail by J. D. Brown, manager of the
Bretzel Candi Co., Grand Rapids, Mich.
Brown called on Sells to present a bill
for damages to his motor car which
he claimed sustained when Brown's car
collided with his at Newark last Friday
night. Sells was arrested in Ohio
for driving while intoxicated and
later brought to Bucyrus to face the
bad check charge.

Will Filed

The last will and testament of the
late John J. Gosser of Vernon Town-
ship was filed with the probate court
here yesterday. The will directs that
Frank Gosser and Sara Gosser, brother
and sister of the deceased, shall
share equally the estate. The will was
made April 3, 1922, and witnessed by
J. C. and S. F. Stambaugh of Shelby.

PARENT-TEACHER MEET

Bucyrus, April 21—The meeting of

be served at the school building on the
east side, followed by a program.

LAD INSURED

Bucyrus, April 21—No new develop-
ments of any importance in the Lavin
murder case have been announced by
county officials. Deputy Sheriff Hutch-
inson stated late last night that he knew
of nothing new since Curtis was given
a preliminary hearing in Crestline. It
is planned to give Curtis another hear-

FREIGHT RUSH IS REPORTED BY ALL RAILROADS

Coal Shipments Over Hocking Valley Show Slump Since Strike

Every railroad operating through Marion has reported one of the greatest rushes in years in freight traffic during the last few weeks. Although the coal strike among Ohio miners has slowed down the exceedingly heavy traffic on the Hocking Valley, business still is reported good.

Merchandise freight has increased greatly in the last few weeks on all the roads operating through this city and especially on the Erie, probably the greatest merchandise railroad going through this city. The Hocking Valley, despite the slack in coal traffic, is now stepping forth with merchandise freight.

New Train Started
The Erie Railroad a few weeks ago put in operation a new special merchandise train, designed especially to accommodate shippers and receivers. The main line of the Pennsylvania through Bucyrus and Lima has also

placed a new merchandise train on its run. During the last three weeks in March, the car service bureau of the American Railway Association, announced that the car loading mark had passed the million mark for three consecutive weeks in the United States. Since the coal strike, the number has decreased slightly.

The number of exchanges in local railroad circles in recent weeks has reached one of the highest points ever recorded.

Supervisors to Meet
The Erie Supervisors' Club of this city will meet tonight at the Harding Hotel.

Ball Fans Quiet
Little has been said in the vicinity of the railroads concerning recreational ball games this season. It is known that the Railway Service will have an outfit or two but the Hocking Valley and Pennsy have not yet expressed their opinion.

Safety Program
Possible means of reducing the number of highway grade crossing accidents which in 1926 took 2,493 lives and injured 6,591 persons, is the principal subject of discussion at the seventh annual meeting of the safety section of the American Railway Association, being held in Chicago this week. The meeting, which is attended by prominent safety men of Canada and United States, began Tuesday and will last through Friday.

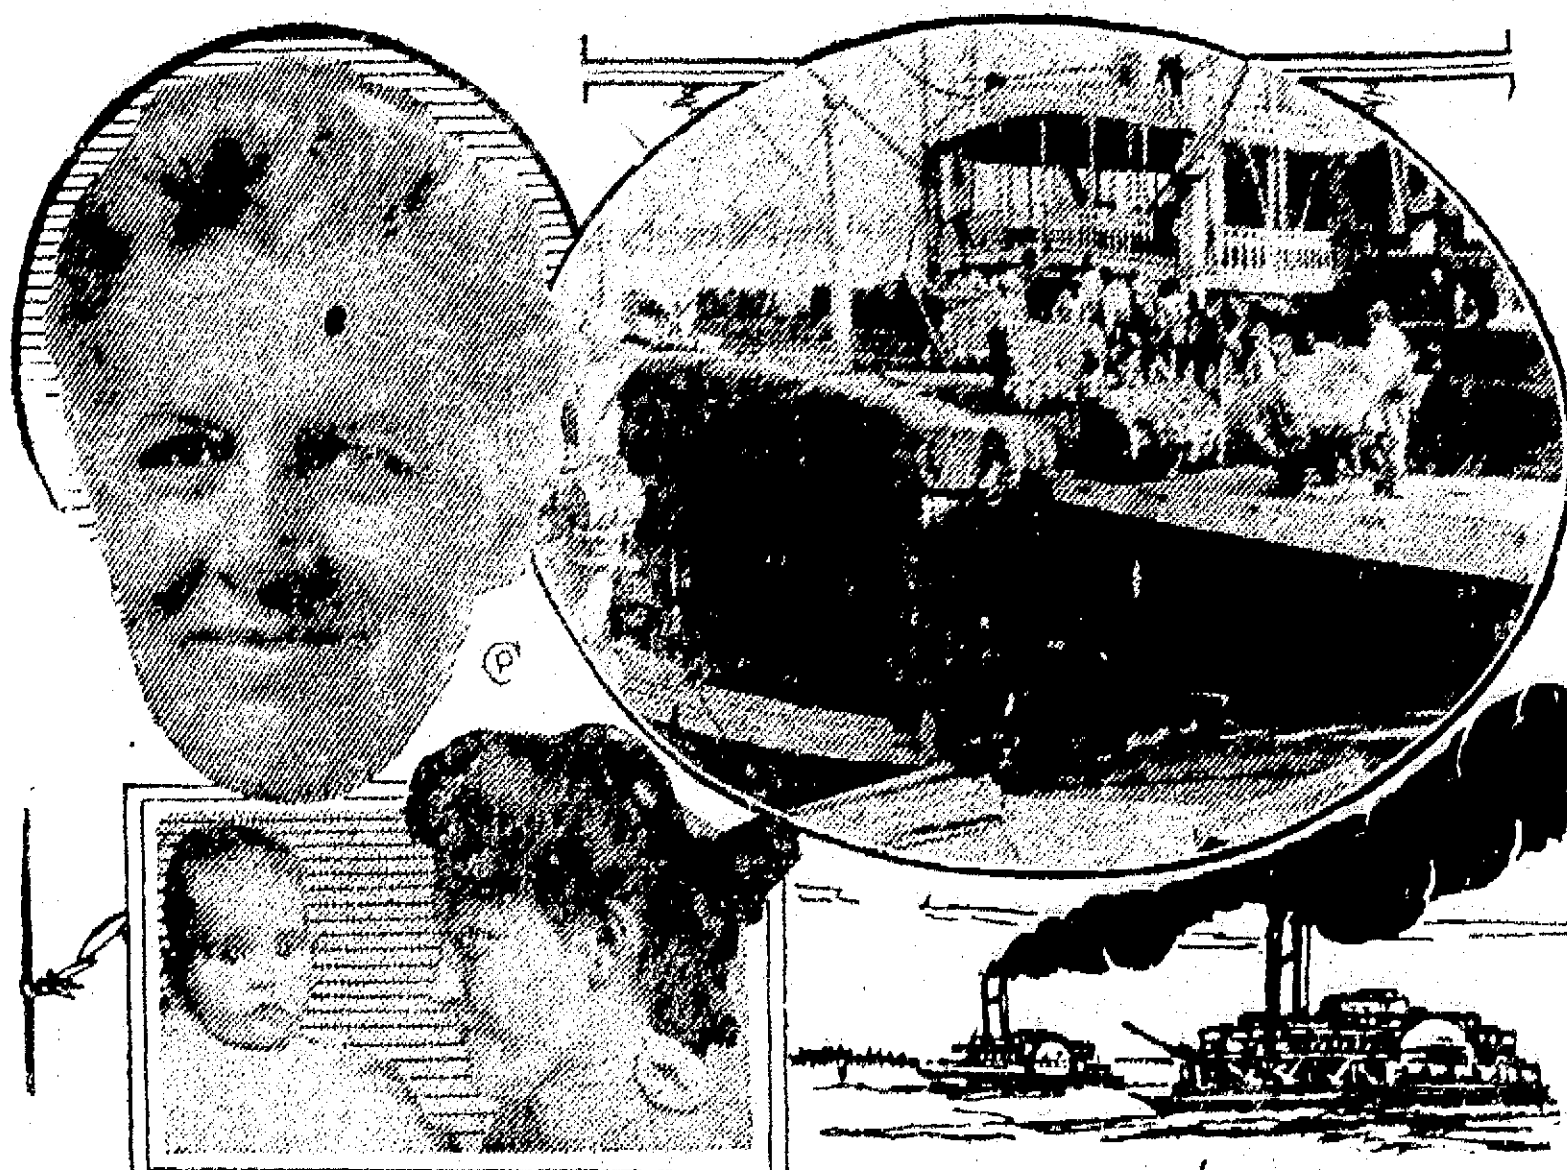

As part of the campaign for safety, the American Railway Association a few weeks ago inaugurated an essay contest among college, high school and grammar school students with three cash prizes of \$250 each to be awarded the authors of essays containing an outstanding readily available suggestion for aiding in the prevention of accidents.

Woman Who Piloted Famous Packet Recalls Old Days on Mississippi and Race That Thrilled United States

Photos show: Top left, Captain Leathers now; below, with her baby forty years ago in the balmy days of the "Natchez"; and, right, unloading cotton from the "Natchez" in the tag days of her career, when she had degenerated from a proud packet into "a bayou cotton carrier." This photo was taken about 1901, when she was close to the last trip of her career, after nearly 40 decades of service.

EDITORS NOTE: The race of the "Robert E. Lee" and the "Natchez" in 1870 from New Orleans to St. Louis attracted national attention. The two side-wheelers headed up the Mississippi from New Orleans at 4:55 p. m. June 30, 1870. The "Lee" landed at St. Louis at 11:25 a. m. July 4—six hours and thirty-six minutes ahead of the "Natchez." The 1,218 miles had been negotiated against the current in 3 D., 18 H., 14 M. The officers of the "Natchez" claimed seven hours and one minute stoppage on account of fog and repairing machinery. The

"Lee" was commanded by Capt. John W. Cannon, and the "Natchez" was in charge of Capt. Thomas P. Leathers.

NO OTHER woman in America can tell the tales—real stories—that Mrs. Leathers Douglas Leathers tells children around her easy chair. For Mrs. Leathers is a captain—a river captain. And she was pilot and part owner for 24 years of one of the most famous boats in history—the famous "Natchez" that raced the "Robert E. Lee."

It wasn't till 1880, however, that Mrs. Leathers became an owner of the "Natchez," to the awe and admiration of other women folk in towns along the river. From then until the old packet was junked in 1901, this little woman stood at the wheel in all sorts of weather.

Mrs. Leathers began her married life aboard the "Natchez." Her husband, Captain Bowling Leathers, was financially interested in the boat, as well as one of its pilots. "He was a much better captain than

I was," Mrs. Leathers would tell her Captain Leathers relates. "He treated me everything I know about boats. I would stand behind him at the wheel and repeat after him every word he said in the bank, every instruction and every land."

Entrancing Mississippi
The Mississippi is a strange river. It has character and character that is ever-changing. New faces, new characters are made ever and anon, and the river is an entrancing scene. It is a river of water, which an average person never would notice, any indication of a boat. Merely a faint, dark shadow may mean a change in the whole character of the river.

Sight of houses, five feet four inches and possessed of an attitude of kindness, Captain Leathers has a neat home all to herself in a quiet suburb of New Orleans, within a few blocks of the Mississippi. Her husband died eight years ago.

Regularly, Mrs. Leathers has renewed her pilot's license—for use in an emergency. But the emergency never comes. The old days have passed. Before you leave her home, you must see an unopened bottle of champagne—presented to "The Little Captain of the Mississippi" by Jefferson Davis, president of the Confederacy. It was a gift at the christening of her first baby.

Ab—the Race!
And—just a moment before you get to know of the famous race, of course.

Agreements were that both boats were to race with full cargo—cotton, farm machinery, salt pork.

The "Natchez" started in the lead, but the "Robert E. Lee" looked up, reported that the "Natchez" fireman was burning the boat's cargo of fat pork, thereby lighting the cargo and building a better fire than any sort of wood could possibly make.

No agreement had been made as to fuel. The "Robert E. Lee" therefore, practised reciprocity, burned her salt pork likewise, and won the race.

It was an event that thrilled the nation.

Captain Leathers' eyes glowed: "We had births, deaths, burials, balls and christenings on the old 'Natchez,' and we carried some of the most famous people of the nation. I never will forget how I lay awake on moonlight nights listening to the negro minstrels sing as they sprawled upon the cotton bales. To this day, sometimes I start out of my sleep thinking I hear that long musical cry from a negro along shore telling us to land at his master's plantation—

"Steam-ah boat-ah-o-y!"

"Captain Applejack." — Grand theater, April 25, 26.—Adv.

A BLOOD TEST SHOWED HIM IN A. 1. CONDITION

Before Taking Redwood's Teepee Tonic His Blood Was Full of Impurities

H. R. Mead, farmer, R. P. D. 2, Erie, Penna., writes: "My blood was in bad condition and every time I benised or cut myself it took a long time for the wound to heal. I was cut by a plow and then blood poisoning set in.

"I battled for my life for months and finally got well enough so that I could do light work. But I was not strong and my blood was full of impurities. "After trying numerous remedies I tried Redwood's Teepee Tonic and that put me back on my feet again. I don't have that old tired feeling and my appetite is good. I'm stronger than I've been for several years. I give Redwood's Teepee Tonic full credit for this."

Teepee Tonic is sold and recommended by Beasley, Henney & Cooper, Wm. M. Stump, Bartlett, Lower and all drug stores in Marion; H. D. Kyle in Richmond, and by well stocked drug stores everywhere.—Adv.

To Discuss Many Problems at Recreational Ball Meet.

Junior League May Play Baseball; Commission to Meet at "Y", Friday Night

Proposal That Gloves May Be Used This Year Will Be Discussed; No Changes Likely in Eligibility Rules for This Season; Other Questions Face Commission

BY EDDIE SCHENKER

SEVERAL important questions regarding recreational ball in Marion will be discussed at meetings to be held during the next week at the Y. M. C. A. The first meeting comes Friday night, when the newly-elected commission will gather at the "Y", and the second conference is scheduled for Monday night, when those boys who wish to play either recreational or hard ball with Sunday School teams will meet with Physical Director F. O. Randolph of the Y. M. C. A.

Probably one of the greatest questions to arise in local sport circles will be settled Monday night. Will or will not boys 16 years old or under play recreational ball?

There will undoubtedly be a boys' Sunday School league of either baseball or recreational ball this season. The recreational ball commission will have charge of the league whether or not it is composed of hard or soft ball teams. The boys have been asking for it two years and they will have it. A league for themselves with games to be played probably on Wednesdays and Saturdays, either

morning or afternoon.

What Kind?

But the big problem at present seems to be "just what kind of ball will the boys play?" Attorney John H. Clark, head of the commission for the coming season and one of Marion's leading sport fans, at the first meeting of the commission Tuesday night, proposed that the boys play baseball rather than recreational ball. This proposition meets with the approval of the commission but will the boys want it?

Baseball, without a doubt, is the best game for the younger lads. They will have plenty of chance to play recreational ball when they have passed the age of 16 years so why abandon the hard ball sport entirely? It is said that in many cities, recreational managers will not allow youths under 16 to play soft ball in public parks. They enforce regulation baseball for the boys.

Lack of Equipment

Probably the greatest argument against baseball among boys is the lack of equipment. There are plenty of baseball gloves in various neighborhoods but masks, chest protectors, and other items of that

MAY ENLARGE YANK STADIUM FOR NEXT YEAR

Seating Capacity To Be Increased from 63,000 to 80,000

NEW YORK, April 21.—Baseball's modern coliseum, the once visionary but now quiet feasible crowd of 100,000 at a single game, was more than a mirage on a chimerical sky line today. It became a probability of the near or less immediate future when Edward G. Barrow, business manager of the local American League Club, informed the writer that, in all likelihood the capacity of the Yankee Stadium would be increased to 80,000 before the start of the 1928 season.

The stadium, with a seating capacity of some 63,000 at present, is by many thousands the largest edifice dedicated to baseball's popularity and, as such, was deemed at its official opening in 1922 to be the final obsolescence before the great got going.

Yet, within five years, they are talking in terms of alterations, annexes, and clubhouses and additions. And the end is not yet. When they triple-deck all except a nominal section of the bleachers, a development that seems inevitable, the 100,000 goal will be more than achieved. It will be exceeded.

To Start In October

Work on the new addition probably will be started next October, Barrow intimated. He didn't say so, but the writer gained the impression that it might have been begun last winter. But, unfortunately, the boys didn't know then what they know now.

They thought the addicts might turn up absent in great numbers this season because a few random clearing had been exchanged under the stands eight years ago when baseball was younger and goofier. But the returns at the turnstiles to date have annulled all trepidation.

72,000 At Opener

The Yankees and Athletics played to 72,000 including stands at the local opening. A baseball record that won't live long. Some 30,000 to 35,000 members of the garment trade were shut out of the park on that occasion and that is not the kind of business baseball likes to transact. With world series and big fights in the offing, the cry for bigger and better stands is due to get an early hearing.

And New York is not the only city to convince the skeptics that an odd scandal or so merely is a part of the general hilarity of modern existence. True, the Yanks were selected by more than 200,000 in their first six games, in spite of the fact that two of them featured the Red Sox, who weren't expected to draw ushers. But other cities did equally well in the matter of comparative attendance so well, in fact, as to indicate that baseball is on the verge of its biggest business.

TILDEN, HUNTER TO SAIL FOR GERMANY TONIGHT

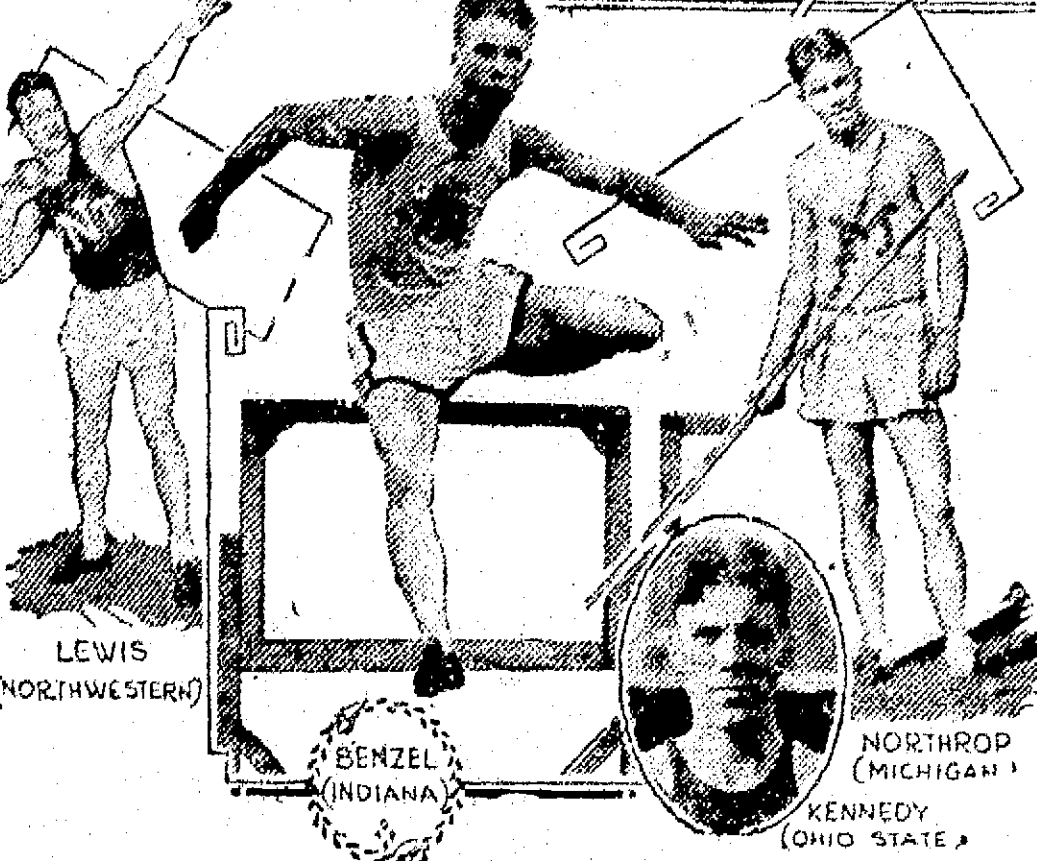

New York, April 21.—William T. Tilden, former national tennis champion, sails for Germany tonight to play in several European tournaments. He will be accompanied by Francis T. Hunter, his doubles partner.

Meeting the best of the European net stars, Tilden will attempt a comeback to fit himself for the Davis Cup matches. If his knee keeps round into shape, he is confident of bringing the championship back to America this summer.

STARS IN OHIO RELAYS

MICHIGAN ONE MILE RELAY TEAM

LEWIS (NORTHWESTERN) KENNEDY (OHIO STATE)

Columbus April 21.—Stars of every magnitude will vie for individual and team honors here Saturday in the fourth annual Ohio relays, sponsored by Ohio State University. The meet will be held in the Ohio Stadium.

Many of the champions of a year ago will be back for further conquests. The growing size of the meet, however, promises even stiffer competition than in previous years. G. M. Trautman, assistant Ohio State athletic director, and W. D. Griffith, meet manager, who are in charge of the relays, assert.

Among last year's winners who have tossed their chapeaus into the 1927 Ohio relays ring are Michigan's great sprint relay team and Bernie Shively, Illinois' all-around star. The Michigan quartet, pictured herewith, consists of Fehussinger, Herunstein, Mueller and Ollheiser. In the 1926 Ohio relays, these athletes set a new meet record in the one mile relay with a mark of

3 minutes 25.1 seconds. Shively was second in the triathlon, the all-round weight championship, which is unique to the Ohio relays.

Other Stars

Other stars who will participate include Captain Ed Northrop, of Michigan; "Tiny" Lewis, athlete "ace" at Northwestern University; Benzel, of Indiana; and Harold Kennedy, star Ohio State distance runner. Lewis is one of the best shot putters in the country, while Kennedy for two years has been the Big Ten indoor mile champion. Northrop competes in the high and broad jumps, pole vault and javelin throw.

More than 100 university, college and high school teams are expected for the meet which will be held, rain or shine, on Saturday. The meet being condensed into one day this year, preliminaries will be held Saturday morning, and the finals in the afternoon.

DETROIT TIGERS TIED FOR LEAD WITH YANKEES

New York Club Loses Another While Tigers Blank St. Louis

NEW YORK, April 21.—The champion New York Yankees, who started the season with six straight victories, today were tied for first place with Detroit, the dark horse of the American League race. The Yankees were unable to conquer their St. Louis Park complex yesterday and lost to the Athletics, 8 to 5, while the Tigers were blanking the Browns 7 to 0.

The Tigers always have packed a wicked punch, and now they are getting good pitching. Whitehill, who twirled yesterday, held the Browns to four hits and seven fouls. Fothergill's home run was another feature of Detroit's first home game.

Although the Athletics rate only 549 in the standing of the clubs, they have won four of their last five games and are battling heavily. Cochrane's drive broke the A's homecoming yesterday by hitting a homer and a triple against the Yanks, while Brannan chipped in with three singles. Both Shocker and Grove, the starting pitchers, took their showers early.

Pirates Still Lead

The Pirates, who did not play yesterday, are still in front by a comfortable margin in the National League scramble. The Reds also were idle, but they dropped below Brooklyn to last place when the Dodgers trimmed the Braves, 4 to 3.

The Dodgers scored a blazing triumph as it were. When Barrett knocked a home run, one fan became so excited that his cigar ignited a piece of bunting on the grand stand. The fire department put out the blaze but the Robins refused to be put out until they had scored enough runs to win.

Giants Win

Fred Fitzsimmons had the Phillies eating out of his glove and the Giants captured their longward game at home before a crowd of 50,000 by a score of 5 to 1. Lindstrom got four hits. The victory put the Giants in second place. Wee Willie Sherdel beat the Cubs 4 to 2 in the Cardinals' opening, but something evidently is wrong in St.

Mary K. Browne is Still Amateur Golfer in West

CINCINNATI, April 21.—Miss Mary K. Browne is still a St. Louis pure amateur as far as the Western Golf Association is concerned, Pros. Hobart P. Young indicated today.

Following the ruling of the United States Golf Association which declares the California girl ineligible because of her professional tennis activities, Mr. Young was asked what action the Western Golf Association would take in fixing her status. He replied that the W. G. A. would not rule on her eligibility to play in amateur tournaments unless she asked it.

Only 12,000 fans turned out to greet the world's champions, who went to fill the park on opening day when they were tailenders.

The White Sox inaugural was a success with respect to everything but the ball game, which was won by Cleveland 5 to 4. Lyons and Shantz, the starting pitchers, were shelled off the mound.

The Senators and Red Sox were not scheduled.

TRACK AND BASEBALL ABANDONED IN MANY COUNTY SCHOOLS; NO FIELD MEET THIS YEAR

O. B. Rayburn Declares That Spring Sports in County Schools Cut in on Class Work at End of School Year; Field Meet Dropped for Third Consecutive Season

For the third consecutive year, there will be no field or track meet in Marion county schools. The announcement was made today by O. B. Rayburn, who asserts that spring sports cut in on class work at the end of the school year. It was said. This also cuts out work at the end of the year, which is considered detrimental to the pupils. A considerable betterment in grades this spring has been noted since dropping of track three years ago, Rayburn stated, and it is expected to continue the policy of three seasons.

HERE'S MORE ABOUT JUNIOR LEAGUE STARTS ON PAGE 11

It may be found missing. The commission has indicated that it will furnish either the baseballs or the national balls for the Juniors. The secretary of the commission, stated that he will take charge of the baseball or soft ball of the Sunday School league. It is hoped that the popular vote of those who assemble Monday at the meeting called by Mr. Rudolph, will settle the question.

At the first gathering, Tuesday night, it was proposed by one of the members that all players who would might use a glove. The rule now provide only for the use of gloves among the catchers and first basemen, and will necessarily have to be amended if a majority of the commission is in favor of this proposition.

It was argued that a number of these taking part in the game last year suffered injuries to their hands and even sustained broken fingers and thumbs as a result of the contests. It was pointed out that on many occasions an infielder must meet hot grounders or "line drives" unprotected, or, of course, get out of its way and be given an error and a few "razzies" from the bleachers. A glove would eliminate these dangers.

The matter was not fully considered Tuesday night because there was not a majority of commissioners present to amend the constitution. Rules of eligibility were discussed at the first meeting Tuesday night but little was said in the matter. While there will probably be new laws regarding eligibility of players this year, it is likely that the commission Friday night will set laws to take effect before the first of next season.

Highway Maintenance Labor Cost Averages \$500 Weekly, Surveyor's Figures Show

20 Men Now Employed in Crews Working Throughout Year on Repair Program; Five Groups Now Scraping Dirt Roads in County

Labor in connection with the maintenance of the network of highways in Marion County costs the taxpayers \$500 weekly, according to figures in the office of County Surveyor Fred R. Leavens.

This figure does not include the material used. It simply represents the average weekly payroll of the 20 men in the maintenance crews employed throughout the year by the surveyor to keep roads in repair.

At present there are five crews of

highway workmen scraping dirt roads in the county. These crews are on their second round of the 500 miles of unimproved roads, having completed the first round last week.

MotORIZED EQUIPMENT

The equipment for this work is all motorized, tractors being used to drag the heavy scrapers.

Another crew is at work patching surface-treated highway throughout the county. There are about 120 miles of surface-treated roads in the county to be gone over during this year, according to Leavens. The group in charge of this work will continue until snow flies.

Other workers are hauling crushed stone for small repairs on traffic bound roads. Four trucks are being used in this undertaking with one and two men depending the material.

Emergency Repairs

Emergency repairs are also being taken care of by a group of from two to three workmen. This work consists of taking care of damaged culverts, washouts, replacing worn out bridge planks and the building of guard rails.

In addition to the regular maintenance gangs Surveyor Leavens has hired special equipment to take care of washouts near LaPorte, the result of the recent flood conditions.

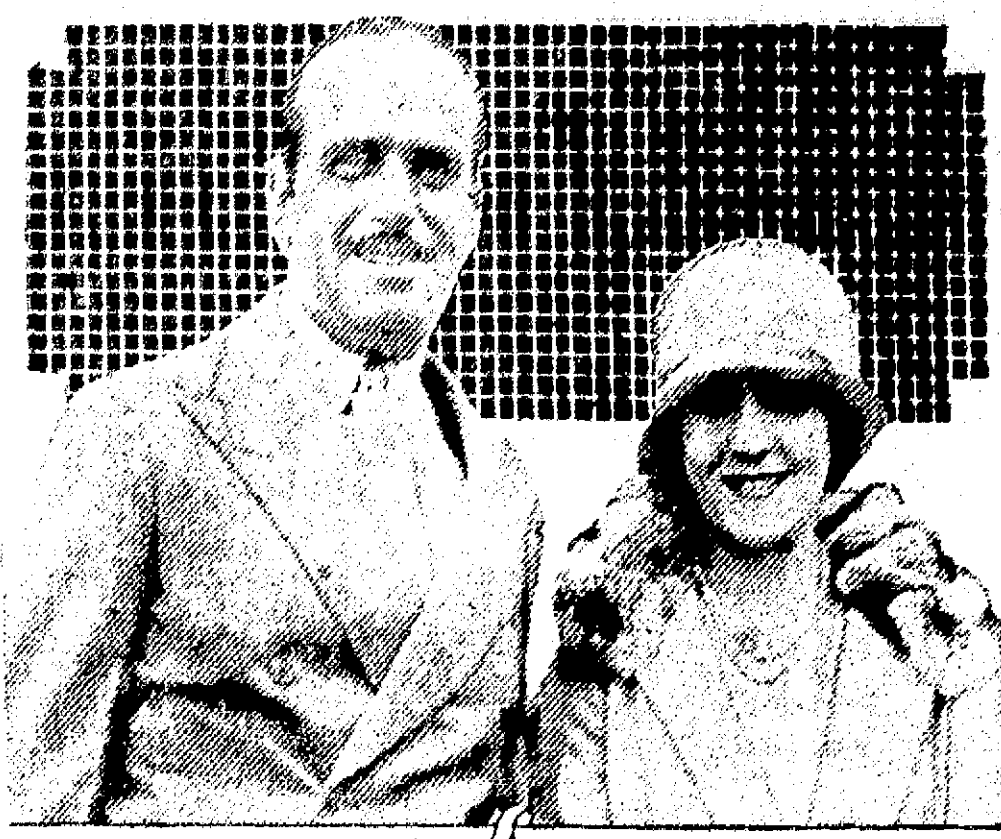

SHERIFF BETTER

Sheriff James A. Deal, who has been ill of a long time, is reported improving. It is expected that he will be able to resume his duties Saturday.

BILLS BEING PAID

Send monthly settlement of bills on county accounts were being paid today through the office of the Marion County Board of Commissioners.

MRS. SARAH ANN SNYDER IS CLAIMED BY DEATH

Marion Woman Victim of Heart Disease; Funeral Services Saturday

Mrs. Sarah Ann Snyder, 69, wife of Jacob Lewis Snyder, died at 5 o'clock this morning at her home, 119 Jefferson street. She had been ill with heart trouble for one and one-half years. Mrs. Snyder was born in Marion County May 8, 1867 and was the daughter of Caleb and Prudence Merrill the former of New York State and the latter of Marion County. Both preceded her in death. Her marriage to Jacob Lewis Snyder took place in this city Mar. 28, 1888. She was a member of Epworth M. E. Church and a social member of the Macabees Lodge.

Surviving her are her husband, two daughters, Mrs. Ella Cleveland, 129 Pennsylvania, and Mrs. Herman Paul at home; one son Isaac Snyder Marion, Route No. 6; one sister, Mrs. A. Link Smith, Fairground, Mrs. Frank Herringer, Olney, and Mrs. Henry Herringer, Forest, and Mrs. Frank Broadbeck of Willoughby; one brother, George Morris, Marion, Route No. 5, and eight grandchildren.

Funeral services will be held at 1 o'clock Saturday afternoon at her home, 119 Jefferson, with Dr. B. L. George, pastor of Epworth M. E. Church, in charge. Burial will be in Marion Cemetery.

OFFICIALS WITHOUT CLEWS IN ROBBERIES

Thieves Take Variety of Loot from Farms in Marion County

Deputies in the office of Sheriff James A. Deal were without definite clews today in the series of farm robberies committed in Marion County within the last two weeks.

The two latest robberies were reported on the farm of A. E. Reid, on the Green Camp, where a 200-pound Holstein calf, was stolen and on the farm of Ralph Sappington, west of the city on the Harding Highway, where an \$80 set of brass-mounted work harness was taken. Both robberies occurred early yesterday morning.

The night of April 13 Edward Wylie a farmer residing north of Big Island reported the theft of 14 head of sheep to the sheriff. This was the fifth sheep theft reported in Marion County since last fall.

Animal Misrepresented to Him, Guy S. Crump Declares in Petition

Eliza W. Boyer of this city is defendant in a suit for \$90.50 brought in Municipal Court yesterday by Guy S. Crump, who claims that a horse which he purchased from Boyer was misrepresented.

Crump who resides near Ashley, says in his petition that he discovered that the animal was "crumpy" in and about its hind quarters and was unable to back or otherwise use its hind legs. He returned the horse to Boyer, he states, and is now suing for reimbursement of the purchase price.

Crump is represented by the local law firm of Crox & Williamson.
